## LABORATORY GROWN DIAMOND REPORT

|                         |                                                |
|-------------------------|------------------------------------------------|
| February 21, 2024       |                                                |
| IGI Report Number       | LG621476673                                    |
| Description             | LABORATORY GROWN<br>DIAMOND                    |
| Shape and Cutting Style | CUT CORNERED RECTANGULAR<br>MODIFIED BRILLIANT |
| Measurements            | 8.04 X 5.75 X 3.89 MM                          |

## GRADING RESULTS

|               |            |
|---------------|------------|
| Carat Weight  | 1.56 CARAT |
| Color Grade   | G          |
| Clarity Grade | VS 1       |

### ADDITIONAL GRADING INFORMATION

|                |                                                                                                 |
|----------------|-------------------------------------------------------------------------------------------------|
| Polish         | EXCELLENT                                                                                       |
| Symmetry       | EXCELLENT                                                                                       |
| Fluorescence   | NONE                                                                                            |
