## LABORATORY GROWN DIAMOND REPORT

|                         |                          |
|-------------------------|--------------------------|
| March 18, 2025          |                          |
| IGI Report Number       | LG691578051              |
| Description             | LABORATORY GROWN DIAMOND |
| Shape and Cutting Style | SQUARE EMERALD CUT       |
| Measurements            | 6.95 X 6.95 X 4.73 MM    |

## GRADING RESULTS

|               |             |
|---------------|-------------|
| Carat Weight  | 2.06 CARATS |
| Color Grade   | D           |
| Clarity Grade | VS 1        |

### ADDITIONAL GRADING INFORMATION

|                |                                                                                               |
|----------------|-----------------------------------------------------------------------------------------------|
| Polish         | EXCELLENT                                                                                     |
| Symmetry       | EXCELLENT                                                                                     |
| Fluorescence   | NONE                                                                                          |
| Inscription(s) |  LG691578051 |

Comments: This Laboratory Grown Diamond was created by Chemical Vapor Deposition (CVD) growth process.  
Type IIa
