## LABORATORY GROWN DIAMOND REPORT

|                         |                          |
|-------------------------|--------------------------|
| December 8, 2025        |                          |
| IGI Report Number       | LG743593531              |
| Description             | LABORATORY GROWN DIAMOND |
| Shape and Cutting Style | OVAL BRILLIANT           |
| Measurements            | 9.69 X 6.93 X 4.38 MM    |

## GRADING RESULTS

|               |                     |
|---------------|---------------------|
| Carat Weight  | 1.87 CARAT          |
| Color Grade   | D                   |
| Clarity Grade | INTERNALLY FLAWLESS |

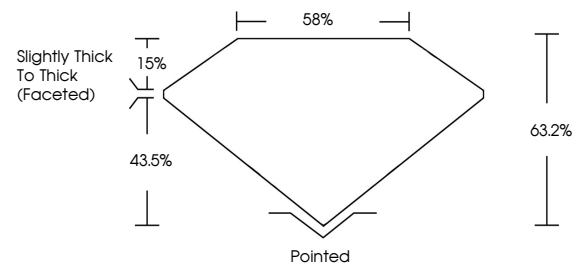

### ADDITIONAL GRADING INFORMATION

|                |                                                                                               |
|----------------|-----------------------------------------------------------------------------------------------|
| Polish         | EXCELLENT                                                                                     |
| Symmetry       | EXCELLENT                                                                                     |
| Fluorescence   | NONE                                                                                          |
| Inscription(s) |  LG743593531 |

Comments: As Grown - No indication of post-growth treatment.  
This Laboratory Grown Diamond was created by High Pressure High Temperature (HPHT) growth process.  
Type II
