## LABORATORY GROWN DIAMOND REPORT

|                         |                          |
|-------------------------|--------------------------|
| December 15, 2025       |                          |
| IGI Report Number       | LG756597936              |
| Description             | LABORATORY GROWN DIAMOND |
| Shape and Cutting Style | OVAL BRILLIANT           |
| Measurements            | 9.23 X 6.52 X 4.11 MM    |

## GRADING RESULTS

|               |            |
|---------------|------------|
| Carat Weight  | 1.59 CARAT |
| Color Grade   | F          |
| Clarity Grade | VS 1       |

### ADDITIONAL GRADING INFORMATION

|                |                                                                                               |
|----------------|-----------------------------------------------------------------------------------------------|
| Polish         | EXCELLENT                                                                                     |
| Symmetry       | EXCELLENT                                                                                     |
| Fluorescence   | NONE                                                                                          |
| Inscription(s) |  LG756597936 |

Comments: This Laboratory Grown Diamond was created by Chemical Vapor Deposition (CVD) growth process.  
Type IIa
