## LABORATORY GROWN DIAMOND REPORT

|                         |                          |
|-------------------------|--------------------------|
| December 18, 2025       |                          |
| IGI Report Number       | LG758514420              |
| Description             | LABORATORY GROWN DIAMOND |
| Shape and Cutting Style | ROUND BRILLIANT          |
| Measurements            | 8.17 - 8.22 X 4.97 MM    |

## GRADING RESULTS

|               |             |
|---------------|-------------|
| Carat Weight  | 2.06 CARATS |
| Color Grade   | D           |
| Clarity Grade | VVS 1       |
| Cut Grade     | IDEAL       |

## ADDITIONAL GRADING INFORMATION

|                |                                                                                                 |
|----------------|-------------------------------------------------------------------------------------------------|
| Polish         | EXCELLENT                                                                                       |
| Symmetry       | EXCELLENT                                                                                       |
| Fluorescence   | NONE                                                                                            |
| Inscription(s) |  LG758514420 |

Comments: As Grown - No indication of post-growth treatment.  
This Laboratory Grown Diamond was created by High Pressure High Temperature (HPHT) growth process.  
Type II
