## LABORATORY GROWN DIAMOND REPORT

|                         |                          |
|-------------------------|--------------------------|
| January 29, 2026        |                          |
| IGI Report Number       | LG770663878              |
| Description             | LABORATORY GROWN DIAMOND |
| Shape and Cutting Style | OVAL BRILLIANT           |
| Measurements            | 9.30 X 6.54 X 4.08 MM    |

## GRADING RESULTS

|               |            |
|---------------|------------|
| Carat Weight  | 1.56 CARAT |
| Color Grade   | D          |
| Clarity Grade | VS 1       |

### ADDITIONAL GRADING INFORMATION

|                |                                                                                               |
|----------------|-----------------------------------------------------------------------------------------------|
| Polish         | EXCELLENT                                                                                     |
| Symmetry       | EXCELLENT                                                                                     |
| Fluorescence   | NONE                                                                                          |
| Inscription(s) |  LG770663878 |

Comments: This Laboratory Grown Diamond was created by Chemical Vapor Deposition (CVD) growth process.  
Type IIa
