## LABORATORY GROWN DIAMOND REPORT

|                         |                          |
|-------------------------|--------------------------|
| March 14, 2026          |                          |
| IGI Report Number       | LG780641306              |
| Description             | LABORATORY GROWN DIAMOND |
| Shape and Cutting Style | PRINCESS CUT             |
| Measurements            | 6.76 X 6.64 X 4.85 MM    |

## GRADING RESULTS

|               |            |
|---------------|------------|
| Carat Weight  | 1.92 CARAT |
| Color Grade   | E          |
| Clarity Grade | VS 1       |

### ADDITIONAL GRADING INFORMATION

|                |                                                                                               |
|----------------|-----------------------------------------------------------------------------------------------|
| Polish         | EXCELLENT                                                                                     |
| Symmetry       | EXCELLENT                                                                                     |
| Fluorescence   | NONE                                                                                          |
| Inscription(s) |  LG780641306 |

Comments: This Laboratory Grown Diamond was created by Chemical Vapor Deposition (CVD) growth process.  
Type IIa
