## LABORATORY GROWN DIAMOND REPORT

|                         |                          |
|-------------------------|--------------------------|
| May 6, 2026             |                          |
| IGI Report Number       | LG795651364              |
| Description             | LABORATORY GROWN DIAMOND |
| Shape and Cutting Style | ROUND BRILLIANT          |
| Measurements            | 8.79 - 8.83 X 5.32 MM    |

## GRADING RESULTS

|               |             |
|---------------|-------------|
| Carat Weight  | 2.55 CARATS |
| Color Grade   | F           |
| Clarity Grade | VS 1        |
| Cut Grade     | IDEAL       |

### ADDITIONAL GRADING INFORMATION

|                |                                                                                                 |
|----------------|-------------------------------------------------------------------------------------------------|
| Polish         | EXCELLENT                                                                                       |
| Symmetry       | EXCELLENT                                                                                       |
| Fluorescence   | NONE                                                                                            |
