## LABORATORY GROWN DIAMOND REPORT

|                         |                          |
|-------------------------|--------------------------|
| July 13, 2026           |                          |
| IGI Report Number       | LG799643239              |
| Description             | LABORATORY GROWN DIAMOND |
| Shape and Cutting Style | ROUND BRILLIANT          |
| Measurements            | 6.60 - 6.65 X 3.92 MM    |

## GRADING RESULTS

|               |            |
|---------------|------------|
| Carat Weight  | 1.06 CARAT |
| Color Grade   | F          |
| Clarity Grade | VS 1       |
| Cut Grade     | EXCELLENT  |

### ADDITIONAL GRADING INFORMATION

|                |                                                                                                 |
|----------------|-------------------------------------------------------------------------------------------------|
| Polish         | EXCELLENT                                                                                       |
| Symmetry       | EXCELLENT                                                                                       |
| Fluorescence   | NONE                                                                                            |
| Inscription(s) |  LG799643239 |

Comments: This Laboratory Grown Diamond was created by Chemical Vapor Deposition (CVD) growth process.  
Type IIa
