| Description | LABORATORY GROWN DIAMOND |
|-------------|--------------------------|

Shape and Cutting Style **HEART BRILLIANT**

Measurements 7.86 X 8.76 X 4.92 MM

## GRADING RESULTS

Carat Weight **2.00 CARATS**

Color Grade

Clarity Grade **INTERNALLY FLAWLESS**

### ADDITIONAL GRADING INFORMATION

Polish **EXCELLENT**Symmetry **EXCELLENT**Fluorescence **NONE**Inscription(s)  LG812621961

Comments: As Grown - No indication of post-growth treatment.

This Laboratory Grown Diamond was created by High Pressure High Temperature (HPHT) growth process.  
Type II

|                                                                                                |                                                                                                                                                                                                                              |                                                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                   |
