## LABORATORY GROWN DIAMOND REPORT

|                         |                          |
|-------------------------|--------------------------|
| July 13, 2026           |                          |
| IGI Report Number       | LG815697813              |
| Description             | LABORATORY GROWN DIAMOND |
| Shape and Cutting Style | ROUND BRILLIANT          |
| Measurements            | 7.30 - 7.38 X 4.50 MM    |

## GRADING RESULTS

|               |            |
|---------------|------------|
| Carat Weight  | 1.50 CARAT |
| Color Grade   | D          |
| Clarity Grade | VVS 1      |
| Cut Grade     | IDEAL      |

### ADDITIONAL GRADING INFORMATION

|                |                                                                                                 |
|----------------|-------------------------------------------------------------------------------------------------|
| Polish         | EXCELLENT                                                                                       |
| Symmetry       | EXCELLENT                                                                                       |
| Fluorescence   | NONE                                                                                            |
| Inscription(s) |  LG815697813 |

Comments: As Grown - No indication of post-growth treatment.  
This Laboratory Grown Diamond was created by High Pressure High Temperature (HPHT) growth process.  
Type II
