## LABORATORY GROWN DIAMOND REPORT

|                         |                          |
|-------------------------|--------------------------|
| July 30, 2026           |                          |
| IGI Report Number       | LG823618870              |
| Description             | LABORATORY GROWN DIAMOND |
| Shape and Cutting Style | OVAL BRILLIANT           |
| Measurements            | 10.86 X 6.05 X 3.80 MM   |

## GRADING RESULTS

|               |            |
|---------------|------------|
| Carat Weight  | 1.59 CARAT |
| Color Grade   | D          |
| Clarity Grade | VS 1       |

### ADDITIONAL GRADING INFORMATION

|                |                                                                                   |
|----------------|-----------------------------------------------------------------------------------|
| Polish         | EXCELLENT                                                                         |
| Symmetry       | EXCELLENT                                                                         |
| Fluorescence   | NONE                                                                              |
| Inscription(s) |  |

Comments: This Laboratory Grown Diamond was created by Chemical Vapor Deposition (CVD) growth process.  
Type IIa
